

Dear Santa,

Stamping is something I really like to do, so I'm making a little list for you. Pick one, or two or three for me - I'd love to find some under my tree. I've been extra good this year - so I'd really like some new stamping gear! Just call Jackie to order from my list. I really hope you've got the gist! The goodies will appear at your front door. Simple for you, and for me - I get to craft more!
